LEADING THE WORLD IN EDUCATION
We deliver the highest quality educational tools and services to students, professionals, researchers, educators and publishers around the world.

RMIT University
Established in 1887, RMIT University is one of Australia’s oldest and largest universities. RMIT is global, urban, industry engaged and internationally renowned for work-related education and technological training.

With an established tradition in advanced education, RMIT collaborates with international partners to create innovative research and global work-relevant education.

RMIT English Worldwide
RMIT English Worldwide is among Australia’s most reputable English language centres. Established in 1968, we provide English language services for academic, business and industry purposes, in Melbourne and through partners around the globe.

RELTA (RMIT English Language Test for Aviation) is endorsed by 23 nations.

9,000 IELTS tests are taken each year.

1,200 teachers have trained with Cambridge CELTA.

5,000 students have undertaken RMIT English Worldwide programs at 3 partner universities in China.

4,000 Saudi Arabian university students are enrolled in RMIT English Worldwide programs.

18,000 students are enrolled every year.

10 million article searches per year via Informit from academic, government, corporate and legal sectors.

Over 2/3 of Informit content is exclusive to Informit.

In 2018, RMIT Training had 23,081 students from 60 countries across 107 training programs.

9,000 students are enrolled at RMIT English Worldwide.

18,000 teachers have trained with Cambridge CELTA.

* "RMIT Training is a vibrant and innovative company associated with RMIT University. The two key activities are RMIT Publishing and RMIT University. As a company our objective is to form long standing relationships by providing quality products and services." — Rachel Holthouse, Chief Executive Officer, RMIT Training
“The bold ideals and goals that have guided RMIT for more than 120 years have made it a leader in research and learning today. It is our collective efforts that today make this university such a vibrant place to learn, to work, and to explore.”

Professor Margaret Gardner, RMIT University Vice Chancellor

“Distribution of our publications via Informit helps us ensure that our content is accessible to key scholarly and research audiences all over the world.”

Rhonda Black
Director, Aboriginal Studies Press

“The Australian Council for Educational Research has been partnering with RMIT Publishing for over 5 years. We appreciate the professionalism of the company and know that A+ Education is being represented in the spirit of ‘improving learning’ – our company motto.”

Lance Deveson
Library & Information Manager, ACER

“Engineers consistently put access to information as one of their top priorities. Engineers Australia has been delighted with the initiative, energy and support from RMIT Publishing which has enabled us to bring the Informit Engineering Collection to the international Engineering community.”

Martin Dwyer BE, FIEAust, CPEng
Director, Engineering

“Exceeded my expectations. The course has significantly improved my language skills and has also given me the confidence to write and speak in any situation. I am sure this will help me to advance to new positions in the future.”
