Informit A+ Education

Informit A+ Education brings together over 30 years of content indexed by the Australian Council for Educational Research (ACER). The database encompasses all aspects of learning and bridges the gap between research and practice for students and educators.

Key subjects

Informit A+ Education covers research for all levels of education, from early childhood to higher education. Subjects include:
- Classroom dynamics
- Education policy
- Student learning
- Teaching methods
- Teacher training

Key titles

- Australasian Journal of Early Childhood
- Australasian Journal of Gifted Education
- Australian Journal of Adult and Community Education
- Australian Journal of Education
- Special Education Perspectives

About Informit

Informit provides access to unique specialist content through its collection of over 100 databases. These cover a wide range of subjects, including health, engineering, business, education, law, humanities and social sciences. Informit’s products—Collections and Media—contain content sourced from publishers, associations and peak professional bodies as well as international authors.

From its head office in Melbourne, Australia, Informit works with library consortia, associations and agents to help users advance their research through access to peer-reviewed and specialist journals, monographs, reports, conference papers and bibliographic indexes, collated with a focus on regional perspectives and otherwise hard-to-find research.

Informit products provide access to authoritative research from Australia, New Zealand, Asia-Pacific and around the world.

“The Australian Council for Educational Research has been partnering with Informit for over 5 years. We appreciate the professionalism of the company and know that A+ Education is being represented in the spirit of improving learning—our company motto.”

Lance Deveson, Former Library and Information Manager, ACER
