Introduction

Informit Admin is the administrative interface for Informit. It allows you to set display preferences, review your subscriptions and access usage statistics. You can also access specific database functions if you hold subscriptions to the relevant databases. For example, MARC record generation from Informit Collections.

This guide outlines the various functions and services available via Informit Admin. For specific queries please call our Customer Support Team on +61 3 9925 8210 Monday to Friday 9am to 5pm (AEST) or email support.informit@rmit.edu.au.

Log in to Informit Admin

Access to Informit Admin will initially be given to only one person within your organisation. They will be given a PIN Code in addition to the username and password. This PIN Code is required to log in to Informit Admin. Please go to <https://admin.informit.com.au> and enter your Username, Password and PIN Code.

Admin only section

This sections requires activation. Please contact our Customer Support Team for assistance.

IP ranges	If you have provided your IP address ranges to us, they will be displayed here. Informit will automatically log you in, if your computer's IP address is part of the range provided.
Ref URL	Provide a referring URL to our Customer Support Team to add to your Informit Admin account. Link to: https://search.informit.org from that referring URL. Informit will automatically log you in. (You must provide the authentication for users to access the URL in question. This URL should not be available to the public on the Internet.)
Organisation	The organisation name to be displayed when logged into the account.
Barcode ranges	Barcode authentication allows remote users of small libraries to access Informit by using their library card barcode or member number details. Provide our Customer Support Team with your organisation's unique barcode ranges, along with a referring URL. You can link to any Informit page from your webpage as long as it ends with <code>barcode=true;org=XXXXX</code>

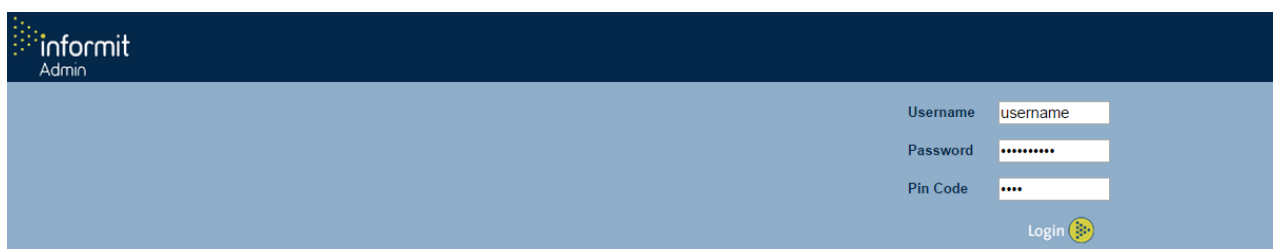

Admin Only (RMIT Publishing administration area)	
IP Ranges (IP address ranges you have provided to us. Users within this range will automatically be logged in)	<input type="text"/>
Ref URL	http://www.informit.com.au/test.asp
Organisation	RMIT Publishing
Barcode Ranges	<input type="text"/>
<input type="button" value="save changes"/>
