Introduction

Informit Admin is the administrative interface for Informit. It allows you to set display preferences, review your subscriptions and access usage statistics. You can also access specific database functions if you hold subscriptions to the relevant databases. For example, MARC record generation from Informit Collections.

This guide outlines the various functions and services available via Informit Admin. For specific queries please call our Customer Support Team on +61 3 9925 8210 Monday to Friday 9am to 5pm (AEST) or email support.informit@rmit.edu.au.

Log in to Informit Admin

Access to Informit Admin will initially be given to only one person within your organisation. They will be given a PIN Code in addition to the username and password. This PIN Code is required to log in to Informit Admin. Please go to https://admin.informit.com.au and enter your Username, Password and PIN Code.

Admin only section

This section requires activation. Please contact our Customer Support Team for assistance.

IP ranges If you have provided your IP address ranges to us, they will be displayed here. Informit will automatically log you in, if your computer’s IP address is part of the range provided.

Ref URL Provide a referring URL to our Customer Support Team to add to your Informit Admin account. Link to: https://search.informit.org from that referring URL. Informit will automatically log you in. (You must provide the authentication for users to access the URL in question. This URL should not be available to the public on the Internet.)

Organisation The organisation name to be displayed when logged into the account.

Barcode ranges Barcode authentication allows remote users of small libraries to access Informit by using their library card barcode or member number details. Provide our Customer Support Team with your organisation’s unique barcode ranges, along with a referring URL. You can link to any Informit page from your webpage as long as it ends with barcode=true;org=XXXXX

Instruction details for Informit statistics

How to view or download COUNTER REPORTS—JR1, JR5, MR1, BR1 and BR2.

2. Click on the Statistics Admin tab.

3. Click on Add new report in the top right-hand corner.

5. Add report’s name, description, format (On-Screen or Comma-Delimited or Tab-Delimitered) and fill in the appropriate Report Start Date and Report End Date.

6. Click on Add record. This will save the report.

7. Click on Run Report Now in the top right-hand corner.
This is an example of a COUNTER JR1 Report.

Note: To run different reports repeat steps 4–7.

To download reports in different formats, choose from the Report Format dropdown menu.
How to read your report

<table>
<thead>
<tr>
<th>Field</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Report Name</td>
<td>This field allows you to name the report. You can save and retrieve this document when required.</td>
</tr>
<tr>
<td>Report Description</td>
<td>This field gives you the option of describing the report, e.g. <em>July Statistics</em>.</td>
</tr>
<tr>
<td>Report Start Date</td>
<td>Select the start date of the statistics you require using the dropdown boxes.</td>
</tr>
<tr>
<td>Report End Date</td>
<td>Select the end date of the statistics you require using the dropdown boxes.</td>
</tr>
<tr>
<td>Report Format</td>
<td>Choose On-Screen, Comma-Delimited or Tab-Delimited. Comma-Delimited and Tab-Delimited options can be exported into Excel.</td>
</tr>
<tr>
<td>Users</td>
<td>Automatically defaults to your username.</td>
</tr>
</tbody>
</table>

This is an example of a Statistics Report.
