About Informit

Informit provides access to unique specialist content through its collection of over 100 databases. These cover a wide range of subjects, including health, engineering, business, education, law, humanities and social sciences. Informit’s products—Collections and Media—contain content sourced from publishers, associations and peak professional bodies as well as international authors.

From its head office in Melbourne, Australia, Informit works with library consortia, associations and agents to help users advance their research through access to peer-reviewed and specialist journals, monographs, reports, conference papers and bibliographic indexes, collated with a focus on regional perspectives and otherwise hard-to-find research.

Informit products provide access to authoritative research from Australia, New Zealand, Asia-Pacific and around the world.
